About Network Equipment Technologies (NWK):

Network Equipment Technologies, Inc. (NET) provides network and VoIP solutions to enterprises and government agencies that seek to reduce the cost to deploy next generation unified and secure communications applications. For a quarter of a century,

NET has delivered solutions for multi-service networks requiring high degrees of versatility, security and performance. Today, the company's broad family of products enables interoperability and integration with existing networks for migration to secure IP-based communications. Broadening NET's voice solutions, Quintum Technologies, now a part of NET, is a VoIP innovator whose applications bring the reliability and clarity of public telephone networks to Internet telephony and unified communications. NET is headquartered in Fremont, CA and has 14 offices worldwide including the US, the UK, France, the Middle East, China, Japan, Australia, and Latin America. The company sells its solutions through a direct sales force and an international network of resellers and distributors.

About NASDAQ OMX:
