### Item 2.02. Results of Operations and Financial Condition.

On October 19, 2022, Nasdaq, Inc. ("Nasdaq") issued a press release providing financial results for the third quarter of 2022. A copy of the press release is attached as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated herein by reference.

#### Item 7.01. Regulation FD Disclosure.

On October 19, 2022, Nasdaq posted slides to be used in its earnings presentation for the third quarter of 2022 on its website at <a href="http://ir.nasdaq.com/">http://ir.nasdaq.com/</a>.

Additionally, as previously disclosed in a Current Report on Form 8-K filed with the Securities and Exchange Commission on September 28, 2022, Nasdaq will organize its business units into three divisions: Market Platforms, Capital Access Platforms, and Anti-Financial Crime, effective by the end of the fourth quarter 2022. To assist investors who may want to consider the effects of these segment reporting changes on Nasdaq's historical results, Nasdaq has furnished herewith as Exhibit 99.2 unaudited supplemental recast financial information for the period 2020-2022 that reflects the segment changes described above. Nasdaq intends to provide its fourth quarter and full year 2022 results, as well as future reporting, in alignment with the new corporate structure and reporting segments. This supplemental recast financial information is also available on Nasdaq's website at <a href="http://ir.nasdaq.com/">http://ir.nasdaq.com/</a>.

#### Item 8.01. Other Events.

On October 19, 2022, Nasdaq issued a press release announcing the declaration of a quarterly cash dividend. A copy of the press release is attached as Exhibit 99.3 to this Current Report on Form 8-K and is incorporated herein by reference.

### Item 9.01. Financial Statements and Exhibits.

(d) Exhibits.

## Nasdaq Reports Third Quarter 2022 Results; Continues Strong Growth in Solutions Segments Revenue

NEW YORK, October 19, 2022 - Nasdaq, Inc. (Nasdaq: NDAQ) today reported financial results for the third quarter of 2022.

- Third quarter 2022 net revenues<sup>1</sup> increased 6% compared to the third quarter of 2021. Solutions segments<sup>2</sup> revenues increased 8%, including 10% organic growth, partially offset by a negative 2% FX impact.
- Annualized Recurring Revenue (ARR)<sup>3</sup> increased 8% compared to the third quarter of 2021. Annualized SaaS revenues increased 13% and represented 35% of ARR.
- Third quarter 2022 GAAP diluted earnings per share increased 5% compared to the third quarter of 2021. Third quarter 2022 non-GAAP4 diluted earnings per share increased 15% compared to the third quarter of 2021.
- In September, the company announced it will be implementing a new corporate structure in the fourth quarter of 2022. Supplemental recast segment financial information is now available on the Nasdaq IR website, and the company will update investors on its strategy and objectives at the November 8, 2022 Investor Day.

Third Quarter 2022 Highlights

(US\$ millions, except per share)	3Q22	% Change (YoY)
Solutions Segments Revenues	\$ 584	8%
Market Services Net Revenues	\$ 305	4%
Net Revenues*	\$ 890	6%
ARR	\$1,970	8%
GAAP Diluted EPS	\$ 0.59	5%
Non-GAAP Diluted EPS	\$ 0.68	15%

<sup>\*</sup> Net revenues in the third quarter of 2022 include \$1 million other revenues.

Adena Friedman, President and CEO said, "Nasdaq's strong third quarter results, and in particular the sustained organic growth against a turbulent capital markets backdrop, are a testament to the effective competitive position of the company today. The new corporate structure announced last month is designed to further advance our strategy, enhance our client focus and better position the organization to capture the dynamic opportunities inherent in our growth pillars."

Ann Dennison, Executive Vice President and CFO said, "Our third quarter results reflect the carefully calibrated investments in our largest growth opportunities. With our deep client relationships and our resilient business model, we expect to continue to respond effectively to a wide range of operating environments. We have also positioned the balance sheet to minimize the impact of rising rates and to maintain flexibility to support our growth strategy."

#### FINANCIAL REVIEW

- Third quarter 2022 net revenues were \$890 million, an increase of \$52 million, or 6%, from \$838 million in the prior year period. Net revenues reflected a \$77 million, or 9%, positive impact from organic growth, including positive contributions from all segments, partially offset by a \$22 million decrease from the impact of changes in FX rates and a \$3 million decrease from the net impact of an acquisition and divestitures.
- Solutions segments revenues were \$584 million in the third quarter of 2022, an increase of \$43 million, or 8%. The increase reflects a \$53 million, or 10%, positive impact from organic growth, and a \$1 million increase from acquisitions, partially offset by a \$11 million decrease from the impact of changes in FX rates.
- Market Services net revenues were \$305 million in the third quarter of 2022, an increase of \$13 million, or 4%. The increase reflects a \$24 million, or 8%, positive impact from organic growth, partially offset by a \$11 million decrease from the impact of changes in FX rates.
- Third quarter 2022 GAAP operating expenses increased \$10 million, or 2%, versus the prior year period. The increase primarily reflects higher
  compensation and benefits expense due to continued investment in our people, higher computer operations and data communications expense,
  partially offset by lower general, administrative and other expense due to lower capital markets activity and lower depreciation and amortization
  expense.
- Third quarter 2022 non-GAAP operating expenses increased \$20 million, or 5% versus the prior year period. The increase reflects a \$40 million, or 10%, organic increase over the prior year period, partially offset by a \$19 million decrease from the impact of changes in FX rates and a \$1 million decrease from the net impact of acquisition and divestitures. The organic increase primarily reflects higher compensation and benefits expense due to continued investment in our people, higher general, administrative and other expense reflecting increased travel, and higher computer operations and data communications expense, partially offset by lower marketing and advertising expense due to lower capital markets activity.
- The company repurchased \$633 million in shares of its common stock during the first nine months of 2022. As of September 30, 2022, there was \$293 million remaining under the board authorized share repurchase program.

#### 2022 EXPENSE AND TAX GUIDANCE UPDATE5

• The company is narrowing its 2022 non-GAAP operating expense guidance to a range of \$1,700 to \$1,720 million. Nasdaq expects its 2022 non-GAAP tax rate to be in the range of 24% to 25%.

#### STRATEGIC AND BUSINESS UPDATES

- Nasdaq announces new corporate structure to amplify strategy. On September 28, 2022, Nasdaq announced that it is organizing its business
  units into three divisions: Market Platforms, Capital Access Platforms, and Anti-Financial Crime. This new structure will align the company more
  closely to the foundational shifts that are driving the evolution of the global financial system and evolving client needs. The new structure will
  take effect by the end of the fourth quarter of 2022 with the corresponding executive appointments taking effect on January 1, 2023.
- Nasdaq establishes new Digital Assets business to power the digital asset ecosystem. The planned launch underpins Nasdaq's ambition to facilitate broader institutional participation in digital assets by providing trusted and institutional-grade solutions, focused on custody, liquidity and integrity. Nasdaq Digital Assets will initially develop an advanced custody solution. Additionally, Nasdaq has expanded its anti-financial crime technology with new coverage for the cryptocurrency ecosystem, including a comprehensive suite of crypto-specific detection capabilities.
- Nasdaq's annualized SaaS revenues in the third quarter of 2022 increased 13% year over year. Annualized SaaS revenues totaled \$699 million in the third quarter of 2022, representing 35% of total company ARR, up from 34% in the third quarter of 2021. The 13% year over year increase in annualized SaaS revenues primarily reflects strong growth in our Anti-Financial Crime and Analytics businesses.
- Corporate Platforms delivered year over year growth from both IR and ESG Services and Listing Services. IR & ESG Services revenues in
  the third quarter of 2022 increased 13% reflecting higher adoption and stronger retention across the breadth of investor relations and ESG advisory
  offerings. Listing Services revenues in the third quarter of 2022 increased 6% to \$105 million.
- Investment Intelligence continues to deliver strong revenue growth led by Analytics and Index. The Analytics business, led by eVestment, saw continued strong user adoption across both asset owners and asset managers as annualized SaaS revenues increased 10% to \$218 million. In our Index business, revenues increased 5% year over year and the business experienced strong net inflows of \$56 billion over the last 12 months, partially offsetting the impact of market depreciation. Additionally, the number of contracts traded on futures and other derivatives tracking Nasdaq indexes increased 53% year over year.
- Nasdaq led all exchanges in total multiply-listed options traded, and Trade Management Services set a quarterly record for revenues. In
  the third quarter and first nine months of 2022, Nasdaq led all exchanges during the period in total volume traded for multiply-listed equity
  options. In our Trade Management Business, revenues increased 10% in the third quarter of 2022 versus the prior year period due to increased
  demand for connectivity and infrastructure services.

<sup>1</sup> Represents revenues less transaction-based expenses.

<sup>2</sup> Constitutes revenues from Market Technology, Investment Intelligence and Corporate Platforms segments.

<sup>3</sup> Annualized Recurring Revenue (ARR) for a given period is the annualized revenue derived from subscription contracts with a defined contract value. This excludes contracts that are not recurring, are one-time in nature or where the contract value fluctuates based on defined metrics. ARR is currently one of our key performance metrics to assess the health and trajectory of our recurring business. ARR does not have any standardized definition and is therefore unlikely to be comparable to similarly titled measures presented by other companies. ARR should be viewed independently of revenue and deferred revenue and is not intended to be combined with or to replace either of those items. ARR is not a forecast and the active contracts at the end of

a reporting period used in calculating ARR may or may not be extended or renewed by our customers.

4 Refer to our reconciliations of U.S. GAAP to non-GAAP net income, diluted earnings per share, operating income and operating expenses, included in the attached schedules.

<sup>5</sup>U.S. GAAP operating expense and tax rate guidance are not provided due to the inherent difficulty in quantifying certain amounts due to a variety of factors including the unpredictability in the movement in foreign currency rates, as well as future charges or reversals outside of the normal course of business.

#### ABOUT NASDAQ

Nasdaq (Nasdaq: NDAQ) is a global technology company serving the capital markets and other industries. Our diverse offering of data, analytics, software and services enables clients to optimize and execute their business vision with confidence. To learn more about the company, technology solutions and career opportunities, visit us on <u>LinkedIn</u>, on Twitter (@Nasdaq, or at www.nasdaq.com.

### NON-GAAP INFORMATION

In addition to disclosing results determined in accordance with U.S. GAAP, Nasdaq also discloses certain non-GAAP results of operations, including, but not limited to, non-GAAP net income attributable to Nasdaq, non-GAAP diluted earnings per share, non-GAAP operating income, and non-GAAP operating expenses, that include certain adjustments or exclude certain charges and gains that are described in the reconciliation table of U.S. GAAP to non-GAAP information provided at the end of this release. Management uses this non-GAAP information internally, along with U.S. GAAP information, in evaluating our performance and in making financial and operational decisions. We believe our presentation of these measures provides investors with greater transparency and supplemental data relating to our financial condition and results of operations. In addition, we believe the presentation of these measures is useful to investors for period-to-period comparisons of results as the items described below in the reconciliation tables do not reflect ongoing operating performance.

These measures are not in accordance with, or an alternative to, U.S. GAAP, and may be different from non-GAAP measures used by other companies. In addition, other companies, including companies in our industry, may calculate such measures differently, which reduces their usefulness as a comparative measure. Investors should not rely on any single financial measure when evaluating our business. This information should be considered as supplemental in nature and is not meant as a substitute for our operating results in accordance with U.S. GAAP. We recommend investors review the U.S. GAAP financial measures included in this earnings release. When viewed in conjunction with our U.S. GAAP results and the accompanying reconciliations, we believe these non-GAAP measures provide greater transparency and a more complete understanding of factors affecting our business than U.S. GAAP measures alone.

We understand that analysts and investors regularly rely on non-GAAP financial measures, such as those noted above, to assess operating performance. We use these measures because they highlight trends more clearly in our business that may not otherwise be apparent when relying solely on U.S. GAAP financial measures, since these measures eliminate from our results specific financial items that have less bearing on our ongoing operating performance

Organic revenue and expense growth, organic change and organic impact are non-GAAP measures that reflect adjustments for: (i) the impact of period-over-period changes in foreign currency exchange rates, and (ii) the revenues, expenses and operating income associated with acquisitions and divestitures for the twelve month period following the date of the acquisition or divestiture. Reconciliations of these measures are described within the body of this release.

Foreign exchange impact: In countries with currencies other than the U.S. dollar, revenues and expenses are translated using monthly average exchange rates. Certain discussions in this release isolate the impact of year-over-year foreign currency fluctuations to better measure the comparability of operating results between periods. Operating results excluding the impact of foreign currency fluctuations are calculated by translating the current period's results by the prior period's exchange rates.

### CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

Information set forth in this communication contains forward-looking statements that involve a number of risks and uncertainties. Nasdaq cautions readers that any forward-looking information is not a guarantee of future performance and that actual results could differ materially from those contained in the forward-looking information. Such forward-looking statements include, but are not limited to (i) projections relating to our future financial results, total shareholder returns, growth, trading volumes, products and services, ability to transition to new business models, taxes and achievement of synergy targets, (ii) statements about the closing or implementation dates and benefits of certain acquisitions, divestitures and other strategic, restructuring, technology, de-leveraging and capital allocation initiatives, including the proposed stock split, (iii) statements about our integrations of our recent acquisitions, (iv) statements relating to any litigation or regulatory or government investigation or action to which we are or could become a party, and (v) other statements that are not historical facts. Forward-looking statements involve a number of risks, uncertainties or other factors beyond Nasdaq's control. These factors include, but are not limited to, Nasdaq's ability to implement its strategic initiatives, economic, political and market conditions and fluctuations, geopolitical instability arising from the Russian invasion of Ukraine, government and industry regulation, interest rate risk, U.S. and global competition, and other factors detailed in Nasdaq's filings with the U.S. Securities and Exchange Commission, including its annual reports on Form 10-K and quarterly reports on Form 10-Q which are available on Nasdaq's investor relations website at http://ir.nasdaq.com and the SEC's website at www.sec.gov. Nasdaq undertakes no obligation to publicly update any forward-looking statement, whether as a result of new information, future events or otherwise.

#### WEBSITE DISCLOSURE

- We amortize intangible assets acquired in connection with various acquisitions. Intangible asset amortization expense can vary from period to period due to episodic acquisitions completed, rather than from our ongoing business operations.
   We have pursued various strategic initiatives and completed acquisitions and divestitures in recent years which have resulted in expenses which
- (2) We have pursued various strategic initiatives and completed acquisitions and divestitures in recent years which have resulted in expenses which would not have otherwise been incurred. These expenses generally include integration costs, as well as legal, due diligence and other third party transaction costs. The frequency and amount of such expenses vary significantly based on the size, timing and complexity of the transaction.
- (3) In September 2019, we initiated the transition of certain technology platforms to advance the company's strategic opportunities as a technology and analytics provider and continue the realignment of certain business areas. Charges associated with this plan represented a fundamental shift in our strategy and technology as well as executive realignment and were excluded for purposes of calculating non-GAAP measures as they are not reflective of ongoing operating performance or comparisons in Nasdaq's performance between periods. The restructuring charges primarily consisted of non-cash items such as asset impairment charges primarily related to capitalized software that was retired, and accelerated depreciation expense on certain assets as a result of a decrease in their useful life as well as third party consulting costs. The restructuring program ended as of June 30, 2021.
- (4) For the nine months ended September 30, 2021, we recorded a pre-tax net gain of \$84 million on the sale of our U.S. Fixed Income business, which is included in net gain on divestiture of business in the Condensed Consolidated Statements of Income.
- (5) Represents the earnings recognized from our equity interest in the Options Clearing Corporation, or OCC. We will continue to exclude the earnings and losses related to our share of OCC's earnings for purposes of calculating non-GAAP measures as our income on this investment may vary significantly period to period. This provides a more meaningful analysis of Nasdaq's ongoing operating performance or comparisons in Nasdaq's performance between periods.
- (6) For the nine months ended September 30, 2022 and three and nine months ended September 30, 2021, we recorded a loss on early extinguishment of debt. The charge for all periods is recorded in general, administrative and other expense in our Condensed Consolidated Statements of Income.
- (7) We have excluded certain other charges or gains, including certain tax items, that are the result of other non-comparable events to measure operating performance. For the three and nine months ended September 30, 2022, these significant items primarily included an accrual related to a legal matter recorded in general, administrative and other expense in our Condensed Consolidated Statements of Income. For the three and nine months ended September 30, 2021, these significant items primarily relate to gains from strategic investments entered into through our corporate venture program recorded in other income in our Condensed Consolidated Statements of Income.
  (8) The non-GAAP adjustment to the income tax provision for the three and nine months ended September 30, 2022 and 2021 includes the tax impact
- (8) The non-GAAP adjustment to the income tax provision for the three and nine months ended September 30, 2022 and 2021 includes the tax impact of each non-GAAP adjustment. In addition, for the three and nine months ended September 30, 2021, the non-GAAP adjustment to the income tax provision includes adjustments related to return-to-provision.

- Total contract value of orders signed during the period, excluding Verafin.
- Annualized Recurring Revenue, or ARR, for a given period is the annualized revenue of support services and SaaS subscription contracts. ARR is currently one of our key performance metrics to assess the health and trajectory of our recurring business. ARR does not have any standardized (2) definition and is therefore unlikely to be comparable to similarly titled measures presented by other companies. ARR should be viewed independently of revenue and deferred revenue and is not intended to be combined with or to replace either of those items. ARR is not a forecast and the active contracts during the reporting period used in calculating ARR may or may not be extended or renewed by our customers.
- Trailing 12-months
- New listings include IPOs, including issuers that switched from other listing venues, closed-end funds and separately listed ETPs. For the three months ended September 30, 2022 and 2021, IPOs included 7 and 67 SPACs, respectively. For the nine months ended September 30, 2022 and 2021, IPOs included 66 and 310 SPACs, respectively.
- New listings include IPOs and represent companies listed on the Nasdaq Nordic and Nasdaq Baltic exchanges and companies on the alternative
- markets of Nasdaq First North.

  Number of total listings on The Nasdaq Stock Market at period end includes 501 ETPs as of September 30, 2022 and 430 ETPs as of (6)
- Represents companies listed on the Nasdaq Nordic and Nasdaq Baltic exchanges and companies on the alternative markets of Nasdaq First North. Includes Finnish option contracts traded on Eurex for which Nasdaq and Eurex have a revenue sharing arrangement.
- (8)
- Includes transactions executed on The Nasdaq Stock Market's, Nasdaq BX's and Nasdaq PSX's systems plus trades reported through the Financial (9) Industry Regulatory Authority/Nasdaq Trade Reporting Facility.
- (10) Transactions executed on Nasdaq Commodities or OTC and reported for clearing to Nasdaq Commodities measured by Terawatt hours (TWh).

Supplemental Data (Unaudited) October 19, 2022

# Disclaimers

The segment disclosures for the periods presented on the following slides are for illustrative purposes only. Nasdaq intends to publish its fourth quarter and full year 2022 results, as well as all future reporting, in alignment with the new corporate structure described on the following slides. These unaudited segment disclosures are based on information available to management as of today and are subject to change. The final recast segment disclosure will be available in Nasdaq's Annual Report on Form 10-K for the year ended December 31, 2022.

#### Non-GAAP Information

In addition to disclosing results determined in accordance with U.S. GAAP, Nasdaq also discloses certain non-GAAP results of operations, including, but not limited to non-GAAP operating income, and non-GAAP operating expenses, that include certain adjustments or exclude certain charges and gains that are described in the reconciliation table of U.S. GAAP to non-GAAP information provided at <u>ir.nasdaq.com/Income-Statement-Trend-Summary-and-GAAP-the-Non-GAAP-Reconciliation</u>. Management uses this non-GAAP information internally, along with U.S. GAAP information, in evaluating our performance and in making financial and operational decisions. We believe our presentation of these measures provides investors with greater transparency and supplemental data relating to our financial condition and results of operations. In addition, we believe the presentation of these measures is useful to investors for period-to-period comparisons of results as certain items do not reflect ongoing operating performance.

These measures are not in accordance with, or an alternative to, U.S. GAAP, and may be different from non-GAAP measures used by other companies. In addition, other companies, including companies in our industry, may calculate such measures differently, which reduces their usefulness as a comparative measure. Investors should not rely on any single financial measure when evaluating our business. This information should be considered as supplemental in nature and is not meant as a substitute for our operating results in accordance with U.S. GAAP. We recommend investors review the U.S. GAAP financial measures included in this presentation. When viewed in conjunction with our U.S. GAAP results and the accompanying reconciliations, we believe these non-GAAP measures provide greater transparency and a more complete understanding of factors affecting our business than U.S. GAAP measures alone.

We understand that analysts and investors regularly rely on non-GAAP financial measures, such as those noted above, to assess operating performance. We use these measures because they highlight trends more clearly in our business that may not otherwise be apparent when relying solely on U.S. GAAP financial measures, since these measures eliminate from our results specific financial items that have less bearing on our ongoing operating performance.

Organic revenue and expense growth, organic change and organic impact are non-GAAP measures that reflect adjustments for: (i) the impact of period-over-period changes in foreign currency exchange rates, and (ii) the revenues, expenses and operating income associated with acquisitions and divestitures for the twelve-month period following the date of the acquisition or divestiture. Reconciliations of these measures can be found in this presentation.

Foreign exchange impact: In countries with currencies other than the U.S. dollar, revenues and expenses are translated using monthly average exchange rates. Certain discussions in this presentation isolate the impact of year-over-year foreign currency fluctuations to better measure the comparability of operating results between periods. Operating results excluding the impact of foreign currency fluctuations are calculated by translating the current period's results by the prior period's exchange rates.

#### Website Disclosure

Nasdaq intends to use its website, ir.nasdaq.com, as a means for disclosing material non-public information and for complying with SEC Regulation FD and other disclosure obligations.

## Elevating From the Pivot

# Nasdaq's Divisional Alignment:

## Market Platforms

Accelerate digitization of markets and journey to cloud

Trading Services: Includes transactional revenue products related to operating Nasdaq's exchanges, clearing and settlement offerings.

Marketplace Technology: Comprises both the company's marketplace technology solutions for external market operators, as well as connectivity and other services related to our own markets.

## Capital Access Platforms

Increase intelligence, efficiency & access in capital markets

Data & Listing Services: Comprises the largely-recurring, regulated data and listing offerings of Nasdaq's exchanges.

Index: Revenues from licensing Nasdaq's proprietary indexes to create financial products, as well as subscriptions to information about these indexes.

Workflows & Insights: Solutions and services to corporate issuers, investment managers and asset owners, predominantly recurring revenue and increasingly delivered via SaaS.

## Anti-Financial Crime

Protect the Financial System

Anti-Financial Crime: Products and solutions which enable institutions, markets, and regulators to better identify and fight financial crime. This includes the Verafin Fraud and Anti-Money Laundering solutions as well as Nasdaq Trade & Market Surveillance products.

These solutions are almost entirely comprised of recurring revenues and are delivered via SaaS.

2 Solutions businesses revenues are not recast for the Broker Services wind down that occurred in 2022.

3 Solutions businesses revenues are not recast for the NPM contribution, NFI sale that occurred in 2021, or the Broker Services wind down that occurred in 2022.

4 Revenues from the BWise enterprise governance, risk and compliance software platform, which was sold in March 2019 are included in Other Revenues for these periods and therefore not reflected above. reflected above.

## Annualized Recurring Revenue

# Segment ARR\*

(US\$ millions)	3Q22	2Q22	1Q22	4Q21	2021	2020
Capital Access Platforms	\$1,172	\$1,167	\$1,146	\$1,113	\$1,113	\$986
Market Platforms	503	492	473	479	479	468
Anti-Financial Crime	295	288	280	269	269	111
Total	\$1,970	\$1,947	\$1,899	\$1,861	\$1,861	\$1,565

\*ARR: ARR for a given period is the annualized revenue derived from subscription contracts with a defined contract value. This excludes contracts that are not recurring, are one-time in nature, or where the contract value fluctuates based on defined metrics. ARR is currently one of our key performance metrics to assess the health and trajectory of our recurring business. ARR does not have any standardized definition and is therefore unlikely to be comparable to similarly titled measures presented by other companies. ARR should be viewed independently of revenue and deferred revenue and is not intended to be combined with or to replace either of those items. ARR is not a forecast and the active contracts at the end of a reporting period used in calculating ARR may or may not be extended or renewed by our customers.

## Market Platforms

# Trading Services Net Revenues by Asset Class

(US\$ millions)	3Q22	2Q22	1Q22	4Q21	3Q21	2Q21	1Q21	2021	2020
