

NASDAQ, INC.
€600 million 1.75% Senior Notes due 2029

Final Term Sheet

March 25, 2019

Issuer: Nasdaq, Inc.
Type: SEC Registered
Trade Date: March 25, 2019
Settlement Date: April 1, 2019 (T+5)

We expect that delivery of the Notes will be made against payment therefor on or about the closing date as specified on the cover page of the prospectus supplement, which will be the 5th business day following the date of pricing of the Notes (this settlement cycle being referred to as "T+5"). Under Rule 15c6-1 under the Securities Exchange Act of 1934, as amended, trades in the secondary market generally are required to settle in two business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade Notes on the date hereof or the next succeeding two business days will be required, by virtue of the fact that the Notes initially settle in T+5, to specify an alternate settlement arrangement at the time of any such trade to prevent a failed settlement. Purchasers of the Notes who wish to trade the Notes prior to their date of delivery hereunder should consult their advisors.

Maturity: March 28, 2029
Interest Payment Dates: Annually on March 28, beginning on March 28, 2020
